

Making a Tiffany-inspired Chandelier

Activity for ages 6+. Adult supervision recommended.

The fine-scale miniature chandelier in the picture is a Tiffany-inspired fixture. Tiffany lighting is a style of stained-glass light fixture popularized by Louis Comfort Tiffany and his design studio in the early 1900s. These lights are made from beautiful art glass soldered together, many times incorporating shapes and images found in nature.

Stained Glass Chandelier
Art Nouveau, c. 1900s
